

FACILITY & INFRASTRUCTURE PRIORITIES 2026

EVERYBODY'S GAME

OPPORTUNITIES FOR EVERYONE

JAKE KEOGH

Basketball in Victoria is delivered by strong associations and helps foster deep community connections by providing access for people of all ages, abilities and backgrounds to play the game all year-round.

Backed by strong research, we know that we can assist our community to be healthier and happier by providing strong programs through local sporting organisations. While these programs help build a well-balanced community, they can only be delivered with appropriate multipurpose community facilities. Organised sport brings many members of the community together and fosters connections that may not have existed otherwise, the value of these community connections is crucial to our sense of Australian identity.

Whether it is playing in a local competition or representing Victoria or Australia on the world stage, Basketball Victoria (BV) is determined to ensure that every aspiring athlete, official, coach or administrator has an equal opportunity to both participate and thrive.

Understanding the importance of using sport to build healthier and strong communities, BV and our local associations are committed to collaborating with other indoor sports, community groups and schools, to ensure we grow and provide inclusive opportunities for all. We support equitable shared access to community and school facilities for all indoor sports and will continue to take a leadership role in meeting the recreational and social needs of all Victorians.

As basketball is the fastest growing team participation sport in the country and the Victorian population set to almost double over the next four decades, there will be a significant increase in demand for infrastructure, programs and opportunities in basketball.

CARDINIA LIFE

LOCATION	Pakenham
LGA	Cardinia
REGION	Eastern
STATE SEAT	Pakenham
FEDERAL SEAT	La Trobe
PROJECT COST	\$40m

Cardinia council have identified an upgrade to Cardinia Life as one of their key projects moving forward. The two decade old facility has seen the population that it serves more than double in that time, with major works required to keep the facility functional.

This project will see substantial renovation works undertaken to bring Cardinia Life up to a modern standard, while adding 4 new courts, including a show court, 1500sqm gymnastics facility, more seating and refurbished change rooms and amenities to support a rapidly growing basketball community.

Council have already allocated \$20 million and require an additional \$40 million to complete works.

Remaining project amount required is \$40 million with \$20 million sought from the State Government and \$20 million sought from the Federal Government.

TOTAL PROJECT COST	\$25M

MORNINGTON

**3 NEW
COURTS**

PLANNING

Mornington Shire Council have identified a shortfall of at least 5 courts in the region, with that number increasing to 10 courts required by 2036. Council's sports capacity indoor plan supports an additional 3 courts at Dromana Secondary College as a key funding priority to fill this gap.

Demand for basketball in the region has far outgrown supply, with 384 families unable to participate in the sport in 2025 due to a lack of available courts. The current shortfall in courts is forcing games to finish as late as 11pm, an unsafe time for young children.

Southern Peninsula Basketball Association is at 100% capacity for participation due to a lack of courts, without immediate investment to support new facilities, participation growth will be capped.

Total project cost is \$25 million.

KORUMBURRA

LOCATION	Korumburra
LGA	South Gippsland Shire

STATE SEAT	Gippsland South
FEDERAL SEAT	Monash
TOTAL PROJECT COST	\$2M

KORUMBURRA

UPGRADES

PLANNING

The redevelopment of the Korumburra Indoor Recreation Centre changerooms will deliver modern, female friendly facilities to support the activities at the centre. The key benefits of the project include separation of changerooms and public toilets to improve child safety, the addition of two unisex accessible toilet / shower spaces and additional public toilets to accommodate the large crowds that attend events at the centre.

Basketball participation in South Gippsland is significant and growing, particularly amongst those under 18. Korumburra stands out as a hub of basketball activity and council, BV and the association are united in advocating for the upgrade of the Korumburra Stadium as a key infrastructure project.

Total project cost is \$2 million.

LAKES ENTRANCE

PLANNING

East Gippsland Shire Council is designing a multi-purpose indoor sporting facility to be located at the Lakes Entrance Aquadome site.

The stadium design will include:

- A three-court multi-purpose indoor sports stadium with compliant playing facilities that will boost sporting participation and keep pace with the growing population and high demand in Lakes Entrance.
- A shared entrance and reception with the Lakes Entrance Aquadome.
- Realignment of existing road and car parking to accommodate the new facility.

Council has been provided \$800,000 from the Victorian Government through Sport and Recreation Victoria to develop a design for this project. This process is currently underway and is expected to be complete by March 2027. Construction can commence following the completion of this step.

Total estimated project cost \$18 million.

STATE SEAT	Shepparton
FEDERAL SEAT	Nicholls
TOTAL PROJECT COST	\$32M

SHEPPARTON

4 NEW
COURTS

PLANNING

Greater Shepparton Basketball Association and the Greater Shepparton City Council have completed a number of strategic studies that reflect the immediate need for additional courts in a fast-growing community.

Council have recently revisited the detailed design following extensive community and stakeholder consultation and have prepared a more sustainable staged approach to the redevelopment, which is cognisant of the constrained economic conditions of the Australian and Victorian Governments.

A proposal to add an additional 4 courts including a show court with seating of up to 3,000 to the Greater Shepparton Indoor Sports Stadium to transform it into the Shepparton Sports Centre is the Councils highest infrastructure priority and is strongly supported by Basketball Victoria.

This redevelopment will create significant positive economic benefits to the state and region to support and diversify the visitor economy, enhancing the growth of important industry sectors through:

- Generating \$73.96 million in output during construction, supporting 210 local jobs
- Over a 10 year period once constructed new tournaments and events hosted by an expanded sports and events centre are expected to attract approximately 134,200 new visitors to Greater Shepparton
- Over a 10 year period an expanded sports and events centre would generate \$84.35 million in economic stimulation (direct and indirect spending) whilst also ensuring existing events can be retained and hosted in the region which is also valued at \$65.43 million helping generate a combined \$149.78 million in economic impact into the Greater Shepparton economy helping support an additional 79 local jobs annually.

Coupled with the 2 court VISY Stadium in the precinct, which has recently undergone upgrades with support from the Victorian Government, the project will deliver a regional precinct of 10 courts with a dedicated showcourt.

Total project cost is \$32 million.

REGION	Western
STATE SEAT	Ripon
FEDERAL SEAT	Wannon
TOTAL PROJECT COST	\$12M

The new Indoor Multi-sports Facility in the Alexandra precinct is one of Ararat Rural City Councils top 6 infrastructure priorities for the municipality.

The facility would include 3 basketball courts, gymnastics to local club level, and a squash court. All of which will help create an indoor community sporting hub in the Alexandra precinct and service the increasing basketball community in the region.

Total project cost is \$12 million.

BELLARINE SPORTS CENTRE

LOCATION	Drysdale
LGA	Greater Geelong
REGION	Western
STATE SEAT	Bellarine
FEDERAL SEAT	Corio
TOTAL PROJECT COST	\$47M

The Bellarine Sports Centre expansion builds upon the previous feasibility and planning work undertaken by the Bellarine Peninsula Basketball Association and the City of Greater Geelong. The Association has reached operational capacity across ten different venues and needs to increase the provision of indoor basketball courts on the Bellarine Peninsula to meet the growing demand.

Basketball Victoria supports the proposed 3 court expansion of Bellarine Sports Centre, which will integrate with an existing 3 court facility at Bellarine Secondary College. This proposal will support both the secondary college and the rapid growth of Bellarine Peninsula Basketball Association. With the association currently facing manufactured byes for up to 25% of their games due to a lack of available courts, thousands of young basketballers will be turned away from the sport without immediate action to address the court shortage.

Total project cost is \$46.8 million.

LEISURETIME SPORTS COMPLEX GEELONG

LOCATION	Geelong
LGA	Greater Geelong
REGION	Western
STATE SEAT	Lara
FEDERAL SEAT	Corio
TOTAL PROJECT COST	\$15M

GEELONG

**1 NEW
COURT**

PLANNING

An upgrade of the Leisuretime Sports Precinct will upgrade and expand the current facility from a 3 to 4 court facility to benefit the rapidly growing basketball community. Council have also identified the opportunity to add 2 more courts into the future in a stage 2.

The facility will be designed to meet basketball-compliant standards, with new flooring and LED lighting. The project also includes the removal of asbestos from the walls, refurbishment of the roof, and reconfiguration of the rooms off the courts into storage spaces and a referee room.

Indoor sports participation could grow from 25,000 to over 38,000 participants by 2041 if current participation rates are maintained. The Leisuretime Sports Precinct will be a crucial indoor sports facility to support the anticipated growth in the northern planning precinct, which is projected to increase by approximately 40,000 to 50,000 people by 2041.

Total project cost is \$15 million.

REGIONAL INDOOR SPORTS & EVENTS CENTRE (RISEC) - GEELONG

LOCATION	Geelong
LGA	Greater Geelong
REGION	Western
STATE SEAT	Lara
FEDERAL SEAT	Corio
TOTAL PROJECT COST	\$140M

GEELONG

**1 NEW SHOW
COURT**

PLANNING

RISEC will deliver a 5000 – 8000 show court to host major basketball events at a national and international level. The stadium will support the current Geelong WNBL and NBL1 teams and support future NBL expansion in Geelong.

It is estimated the project will generate 354 jobs and \$100 million in regional benefit.

Total project cost is \$140 million.

STAWELL SPORTS & AQUATIC CENTRE

LOCATION	Stawell
LGA	Northern Grampians
REGION	Western
STATE SEAT	Lowan
FEDERAL SEAT	Mallee
TOTAL PROJECT COST	\$16M

Northern Grampians Shire currently has designs completed for a full redevelopment of the Stawell Sports & Aquatic Centre.

The project is broken up into two stages, with the second stage including two new basketball courts with changerooms.

This project will reconfigure the entire centre as there is currently only 1 court with no toilets accessible after hours. The project is of great importance to Northern Grampians and the basketball community to immediately improve basketball access.

The approximate cost for stage two is \$16million.

WARRACKNABEAL LEISURE CENTRE

LOCATION	Warracknabeal
LGA	Yarriamback
REGION	Western
STATE SEAT	Lowan
FEDERAL SEAT	Mallee
TOTAL PROJECT COST	\$1.5M

Council have identified the requirement to upgrade change facilities and amenities at the Warracknabeal Leisure Centre. These upgrades will deliver a more equitable and inclusive facility for the Warracknabeal community, with notable improved access for members of the all-abilities community.

The upgrade will allow improved access as the current facility is in urgent need of renewal so that it does not prove unusable into the future.

Total project cost is \$1.5 million

EPHING NORTH

LOCATION	Epping North
LGA	Whittlesea
REGION	North Eastern Metro
STATE SEAT	Mill Park
FEDERAL SEAT	Scullin
TOTAL PROJECT COST	\$53M

Council has completed a basketball and netball strategy identifying a current need to add more courts to support rapidly growing demand for basketball facilities. Epping North is identified as councils highest indoor stadium priority for the short term.

Epping North is planned to deliver at least 8 additional courts to support local basketball participants who are growing at one of the highest rates in Victoria. Participation in basketball is expected to double in the next 10 years with the support of new facilities.

Total project cost is \$53 million.

RINGWOOD SECONDARY COLLEGE

LOCATION	Ringwood
LGA	Maroondah
REGION	North Eastern Metro
STATE SEAT	Ringwood
FEDERAL SEAT	Deakin
TOTAL PROJECT COST	\$37M

This project is driven by the school's need for a multi-court stadium and aligns with the recommendations from the Council's Stadium Sports Strategy 2023 to cater for multiple sports including basketball, volleyball and netball. Councils strategy identified a requirement for two four-court stadiums in Maroondah, with this site being one of only two available options.

The new stadium will support the school's curriculum and extracurricular activities and enhance the overall educational experience by offering high-quality sports amenities, promoting physical education, and encouraging a healthy lifestyle among students.

It will also address the community's need for volleyball and basketball facilities.

The project will require funding from multiple sources, including the Department of Education and State and Federal Governments. It is anticipated that the stadium would be used seven days and five nights a week.

Total project cost is \$36,871,245.

NUNAWADING BASKETBALL STADIUM

LOCATION	Nunawading
LGA	Whitehorse
REGION	North Eastern Metro
STATE SEAT	Glen Waverley
FEDERAL SEAT	Chisholm
TOTAL PROJECT COST	\$110M

NUNAWADING

**11 NEW
COURTS**

PLANNING

Nunawading Basketball Stadium is home to the largest basketball association in the country, with more than 16,000 weekly participants.

An independent feasibility study conducted by Brian Mott Consulting in 2015 identified a shortfall to meet demand in Nunawading Basketball's catchment of 20 indoor basketball courts by 2021 – since 2021 that number has only increased.

After funding commitments from Whitehorse Council (\$35m) and the Federal Government (\$45m), a shortfall of \$30m remains to deliver a new 11 court multi-purpose indoor sports stadium.

Remaining project amount required is \$30 million.

THE RINGS - RINGWOOD

LOCATION	Ringwood
LGA	Maroondah
REGION	North Eastern Metro
STATE SEAT	Ringwood
FEDERAL SEAT	Aston
TOTAL PROJECT COST	\$60M

Council have completed a Stadium Sports Strategy which identifies a redevelopment and expansion of The Rings as the highest advocacy project for the municipality. The redevelopment will cater for multiple high ball sports.

Council have identified the need as short term (0-3 years) due to the rapidly increasing number of basketball participants in the Maroondah community.

Council have allocated \$20 million in their budget to cover one third of the total project cost. Council are seeking an additional \$40 million of funding.

Total project cost is \$60 million.

SHEAHANS STADIUM - BULLEEN

LOCATION	Bulleen
LGA	Manningham
REGION	North Eastern Metro
STATE SEAT	Bulleen
FEDERAL SEAT	Menzies
TOTAL PROJECT COST	\$13.5M

Sheahans Stadium has been identified for proposed redevelopment to support the strong growth Manningham is seeing in basketball.

The redevelopment is proposed to be undertaken in two separate stages, one to complete internal upgrades, while the second potential future stage will add two new courts.

Stage one will provide new change rooms and amenities, expanding office spaces and bringing the stadium up to current standards. The Federal Government have committed \$3.5 million for these works, with an additional \$1.5 million required.

Stage two is subject to further planning, and involves the potential future addition of two new courts, while also expanding the run off of existing courts to ensure they meet modern compliance standards. The proposed works will also feature parking upgrades to ensure more participants can access the sport. The works are estimated to cost \$12 million and are fully reliant on external funding for delivery.

Total project cost required:

Stage 1: \$1.5 million

Stage 2: \$12 million

LOCATION	Dingley
LGA	Kingston
REGION	South Eastern Metro
STATE SEAT	Clarinda
FEDERAL SEAT	Isaacs
TOTAL PROJECT COST	\$60M

KINGSTON

4-6 NEW
COURTS

PLANNING

The Kennedy Community Centre (KCC) stage two development has been established in partnership with the City of Kingston. It embraces Council's strategic plan and the opportunities for the site to contribute to "a diverse, dynamic community where we all share a sustainable, safe, attractive environment and a thriving economy".

The KCC will significantly enhance capacity to meet increasing demand for basketball facilities. KCC Stage two plan comprises a 4-6-court community hi-ball facility with a show court with 1500 spectator seating. Stage two will significantly contribute to meeting key needs contained within City of Kingston's Sport and Recreation Strategy:

- 7 extra basketball courts to meet demand by 2036.
- 16 extra netball courts to meet demand by 2036.

The KCC site in Dingley is easily accessible from all City of Kingston residential areas. The addition of 4-6 new courts will be the largest recent investment into one of the most underserved basketball communities in Kingston.

Total project cost is \$60 million.

TOTAL PROJECT COST	\$60M

TARNEIT

**5 NEW
COURTS**

PLANNING

Wyndham Council through the Wyndham Sports Strategy 2045 have identified the need for several additional courts in the municipality, with a facility in Tarneit required to support the growth of the community.

Eagle Stadium opened in 2015 and is programmed at full occupancy during peak times, showing the strong demand for indoor basketball facilities within the region. Due to this strong demand, there is a need for council's next indoor facility project to be fast-tracked to cater for community demand.

In February 2025, Council appointed Brand Architects to commence the detailed design of the Tarneit Indoor Sports Facility.

As a key growth area for basketball moving forward, additional infrastructure within the City of Wyndham is key to ensure equitable access to indoor basketball facilities for all communities within Victoria.

Total project cost for a five-court facility with supporting infrastructure is \$60 million.
