

NBL 1 SOUTH 2025

Fixture Guide

The 2025 NBL1 South season tips off on Saturday 29 March featuring 18 games on opening night across 9 venues. There are many highlights with local rivals Ballarat Miners taking on Bendigo Braves, Knox Raiders hosting The Kilsyth Cobras, Launceston/NWT hosting the Hobart Chargers and the Battle of the Bay Frankston Blues hosting The Sandringham Sabres.

NBL1 South Guiding Principles

1

To develop a fixture which as close as possible provides all clubs equal opportunities.

2

To maximise attendances & audiences at NBL1 South games – rivalries played on a Saturday, use of midweek & Friday night games – ensuring state & national exposure of the conference.

3

Take into account requests of all NBL1 South clubs, particularly venues, rivalries and special events.

4

To ensure within restricted availabilities the need to limit back-to-back double headers for the welfare of players.

5

Gender equity is a key component of Basketball Victoria philosophy. In NBL1 South, all games are double headers involving both women's and men's games and promoted equally. All feature games and Games of the Week take both the women's and men's games into consideration when selected.

6

All Victorian clubs play in either Mt Gambier or Tasmania in season, with Friday as a travel day.

7

Ten clubs will play in Tasmania, of which three of those teams - Dandenong Rangers, Eltham Wildcats & Geelong United will also play in Mt Gambier in the 15 round season. This is balanced across all clubs on a season to season basis.

The Weighted Double Match-Ups

With an unbalanced fixture there is a need for all clubs to play four other clubs a second time. This has been balanced using the 2023 and 2024 seasons women & men's combined win/loss to accommodate the double up match ups.

While this process cannot take into account form fluctuations between seasons, and a significant performance increase or decrease by any club may impact the fixture for others, the results of the past two seasons (combined women & men) demonstrates a relative parity of double match-ups for all clubs in the competition.

Themed Rounds

Clubs are strongly encouraged and are leading their own themed rounds locally, such as Pink, Go Grey in May etc.

RSL Victoria ANZAC Round

The ANZAC round starts on Thursday ANZAC Day Eve with the traditional Frankston Blues v Dandenong Rangers match up at Dreamstreet Lending Arena and for the first time the Melbourne Tigers will play ANZAC Eve hosting the Nunawading Spectres at the Melbourne Sports & Aquatic Centre. The round continues with 14 more match ups.

At the end of each game a player from the game is presented with an ANZAC medal that features the distinct red petals of the poppy flower and 74 silver markings symbolising the 74 clubs nationally of NBL1.

The medal is awarded to the player that best epitomises the ANZAC spirit of endurance, courage & mateship, so varies to a traditional MVP vote.

This year once again NBL1 South has proudly partnered with RSL Victoria. As part of this partnership, in ANZAC Round, our referees will wear a specially designed uniform with the Australian Multicam Camouflage design on the sleeves.

The Heritage Round

The Heritage round is an opportunity for clubs to acknowledge past players, life members, Hall of Famers and wear throwback uniforms. The round commences on Friday 30th May with Hobart Chargers hosting the Launceston Tornadoes & North West Thunder, whilst Mt Gambier Pioneers host the Dandenong Rangers at Wulanda Recreation & Convention Centre.

Other key rivalries are the Bendigo Braves hosting the Ballarat Miners, Kilsyth Cobras hosting Knox Raiders in The Ashes and the Eltham Wildcats hosting local rivals the Diamond Valley Eagles for the O'Connor – Cukier Cup.

The First Nations Round

The First Nations Round kicks off on Friday 4th July with the Hobart Chargers hosting the Mt Gambier Pioneers at The Hobart Netball & Sports Centre.

With a further 10 match ups across the round, many games will be preceded by welcome ceremonies and indigenous cultural performances. The majority of clubs will take to the court in specially designed uniforms inspired by local indigenous art and storytelling.

Mental Health Round

The Mental Health Round has been well-supported by NBL1 South clubs each year. The annual round represents an opportunity to raise awareness and funds in support of groups such as Lifeline, Headspace and other community groups who our associations choose to partner with.

In 2025, the Mental Health Round will be played in Round 15. All players will be wearing green Headspace socks in support of the organisation. All clubs are encouraged to reach out to their local mental health partner to get their support in helping to raise awareness.

The Mental Health Round is in the Victorian school holidays and kicks off on Tuesday 15th July with Ringwood Hawks hosting the Kilsyth Cobras at Norwood Secondary College with a further 15 matchups through to Sunday 20th July.

School Holidays

2024 saw big crowds attend in school holiday periods, so our clubs will utilize the two sets of school holidays available. Rounds 3 & 4 and Rounds 14 & 15 feature many midweek games, which also helps reduce or remove back-to-back doubleheaders for clubs. Last seasons most watched regular season game nationally played in the school holidays, the Sandringham Sabres v the Knox Raiders with 293,383 of minutes watched will back end round 3.

King's Birthday Weekend Extension of Round 9

There are 6 games fixtured on Friday leading into the long weekend, this allows a larger spread of games across the season, culminating in the first holiday Monday game on 9th June with Waverley Falcons hosting the Diamond Valley Eagles (start of Rd 10).

GAMES OF THE WEEK (GOTW)

GOTW is a chance for us to showcase NBL1 South to general sports fans on Kayo, not just fans of NBL1/ basketball. States choose the best possible game on each of their allocated days.

NBL1 nationwide is only able to have up to 3 womens/mens streams per day. With more than 60% of the games across the country scheduled on Saturdays, it is another reason why midweek & Friday games within the fixture are so important.

- The NBL allocates a mix of days evenly across five conferences.
- Conferences select the games before the season, taking into account match ups (women & men), venue presentation, attendance and variety of clubs to ensure all clubs are televised on Kayo, not necessarily as the home venue.
- Once the season starts some games are changed later in the season because of matchups heading into finals.
